MANAGEMENT

MANAGING CARE ESPECIALLY FOR YOU!

Yes!
HealthCare
Coordinators
are available
24 hours/day,
7 days/week.

Case Management

Our health care team consists of medical & nursing professionals with clinical & medical coding expertise focused on improving the overall patient management experience while simultaneously, efficiently and effectively promoting quality, cost-effective outcomes.

Our health care team coordinates and integrates their collective efforts to not only evaluate medical necessity but to ensure the quality and effectiveness of the plan benefits for the optimal care of you and your family.

Quick Tips for Managing Your Care

1. **Verifying Benefits** -- Verification of benefits is confirmation that you or your dependents are enrolled in the health plan at the time of service, and that you qualify for the services requested by your Healthcare Provider. Please contact our Healthcare Coordinators for further details at 396-1303-4 (Nassau) or Precerts@familyguardian.com
2. **Pre-Certification** -- Precertification is the approval, in advance by the Company, BahamaHealth or the designee, for 'Medically Necessary' and 'Covered Services', subject to Eligible charges. An example of a service requiring pre-certification is a MRI Study. Our normal turnaround time to respond to completed Precert request is one (1) business day.
3. **Eligibility** – Please note that if you have an over age dependent who is covered under your group plan, we require student verification twice a year to maintain eligible coverage. Please contact our Client Services Unit for any questions concerning eligibility at 396-1345 or 396-1324 or BahamaHealthCS@familyguardian.com
