## MANAGEMENT

MANAGING  
CARE  
ESPECIALLY  
FOR YOU!

### Case Management

Our health care team consists of medical & nursing professionals with clinical & medical coding expertise focused on improving the overall patient management experience while simultaneously, efficiently and effectively promoting quality, cost-effective outcomes.

Our health care team coordinates and integrates their collective efforts to not only evaluate medical necessity but to ensure the quality and effectiveness of the plan benefits for the optimal care of you and your family.

### Quick Tips for Managing Your Care

1. **Verifying Benefits** -- Verification of benefits is confirmation that you or your dependents are enrolled in the health plan at the time of service, and that you qualify for the services requested by your Healthcare Provider. Please contact our Healthcare Coordinators for further details at 396-1303-4 (Nassau) or [Precerts@familyguardian.com](mailto:Precerts@familyguardian.com)
2. **Pre-Certification** -- Precertification is the approval, in advance by the Company, BahamaHealth or the designee, for 'Medically Necessary' and 'Covered Services', subject to Eligible charges. An example of a service requiring pre-certification is a MRI Study. Our normal turnaround time to respond to completed Precert request is one (1) business day.
3. **Eligibility** – Please note that if you have an over age dependent who is covered under your group plan, we require student verification twice a year to maintain eligible coverage. Please contact our Client Services Unit for any questions concerning eligibility at 396-1345 or 396-1324 or [BahamaHealthCS@familyguardian.com](mailto:BahamaHealthCS@familyguardian.com)

## CLAIMS TIPS

## MEDICAL CLAIMS SUBMISSION

1. Claim forms are needed for Out-of-Network Providers. Using our network eliminates the need for Claim forms.
2. Claims forms are needed if you are paying for services IN FULL to a Network Provider.
3. Fully complete all claim forms. If the standard Claim form is not used ensure that the following areas are completed:
  - Name of Patient
  - Date(s) of Service
  - Type of Service(s)
  - Diagnosis Codes
  - Procedure Codes
  - Amount Paid for the Service
  - Total Charge of the Service
4. Only original claim documents will be accepted for processing.
5. Claim forms should be completed either by the physician or the institution.
6. Sign and Date the Claim form after it has been completed.
7. Submit to us with the attached payment receipt(s).
8. If corrections are made to the form, they should be crossed out and initialed. Under no circumstances should Liquid Paper be used on the form. All claims must be submitted within six (6) months from the date the service was rendered. Claims submitted outside of this time frame will be denied for timely filing.
